PURPOSE

To educate health care providers, in all settings, on how to provide care to sick infants in a timely, organized and comprehensive manner.

OBJECTIVES

1. Define the acronym S.T.A.B.L.E.
2. Review care of the infant at risk for temperature instability, hypoglycemia, airway insufficiency and circulatory compromise.
3. Evaluate and understand lab work essential for the high risk neonate in need of stabilization and transport.
4. Discuss supportive care of the family of the infant in need of transport.

CREDIT

Nursing Credits - 6.75

Participants who successfully complete the program will receive a course completion card.

SPEAKERS

Jennifer Berk RNC-NIC, BSN, C-NPT Lead STABLE instructor, PANDA Team
Lisa Ransome LRT, RRT, C-NPT Lead STABLE instructor, PANDA Team
Robert Schultz, RN, BSN, C-NPT, PANDA Team

TARGET AUDIENCE

Stabilization is a team effort! Therefore, any health caregiver involved with post-resuscitation and/or pre-transport care of sick newborns would benefit from the S.T.A.B.L.E. Program Learner/Provider course, including:

- + **Physicians:** Pediatric, ER, Family Practice, and Obstetric Physicians including Residents
- + **Nurses:** RNs working in L&D, Postpartum, Nursery, Emergency departments, Nurse Practitioners, Nurse Midwives, Nursing Assistants
- + **Others:** Respiratory Therapists, Pre-hospital Provider, Emergency Medical Technicians, Paramedics

PLANNING COMMITTEE

Jennifer Berk-King, RNC-NIC, BSN, C-NPT
Lisa Ransome LRT, RRT, C-NPT
Robert Schultz RN, BSN, C-NPT

COST

New Participants - \$75*

You will receive a copy of *S.T.A.B.L.E. Learners Guide 6th Edition*.

Returning Participants - \$35* - Does NOT include S.T.A.B.L.E. Manual.

Please bring your own copy of *S.T.A.B.L.E. Learners Guide 6th Edition*.

*Lunch will be on your own. There is a food court in the building.

PARKING

The class will be held in the Harper University Hospital, Kresge Auditorium. Self-parking is available at the Harper University Hospital parking deck for \$8. Enter Harper Hospital through the main entrance and allow ample time for parking and the health screening.

Once you have passed through the health screening, follow posted signs to the elevator. Take the elevator to 2nd floor Kresge Auditorium around the corner from the elevator.

DMC employees assigned to that structure, please park as usual.

CONTACT

Any questions?
